NIHEI

VOLUMES 1-15 AVAILABLE NOW!

CORE EXPOSED

Outer space, the far future.

A lone seed ship, the *Sidonia*, plies the void, ten centuries since the obliteration of the solar system. The massive, nearly indestructible, yet barely sentient alien life forms that destroyed humanity's home world continue to pose an existential threat.

Nagate Tanikaze has only known life in the vessel's bowels deep below the sparkling strata where humans have achieved photosynthesis and new genders. Not long after he emerges from the Underground, however, the youth is bequeathed a treasured legacy by the spaceship's coolheaded female captain.

Meticulously drawn, peppered with clipped humor, but also unusually attentive to plot and structure for the international cult favorite, *Knights of Sidonia* may be Tsutomu Nihei's most accessible work to date even as it hits notes of tragic grandeur as a hopeless struggle for survival unfolds.

"One of *Knights of Sidonia*'s chief strengths is that it doesn't bog down the intrigue of its world with too much unnecessary, bloated dialogue... It's definitely a solid pick-up for Vertical; there's not really anything else in their catalog like it. Dig into the first volume and see if Nihei's gorgeously depicted wreck of a sci-fi future doesn't secure an immediately tight grip."

— *Otaku USA*

"*Knights of Sidonia* is off to a solid start with its first volume... All in all it's a promising and entertaining offering and one that's left me chomping at the bit for the next volume."
